

Title: RRI Skill and Knowledge Foundation and IITM Pune Celebrate Teachers' Day with Scientific Outreach at ZP School Narayanpur

Location: Narayanpur, Purandhar, Pune, Maharashtra

Date: September 05, 2025

Program Area: Education & Skills Development

On September 5, 2025, the **RRI Skill and Knowledge Foundation** celebrated Teachers' Day through a high-profile collaborative event at the Zilla Parishad (ZP) School in Narayanpur. In a significant move to bridge the gap between premier scientific institutions and rural education, the foundation partnered with the **Indian Institute of Tropical Meteorology (IITM), Pune**, and its **General Services (GS) Section** to honor local educators and inspire the next generation of students.

The celebration focused on the dual themes of "Knowledge and Innovation." While the program honored the selfless dedication of the school's teaching faculty, it also served as a platform for scientific outreach. By involving experts from **IITM Pune**, the **RRI Skill and Knowledge Foundation** aimed to introduce rural students to the world of atmospheric sciences and technical proficiency, aligning with its vision of a self-reliant and knowledgeable rural India.

The event was led by **Hrishikesh Tambe**, Founding Member of the **RRI Skill and Knowledge Foundation**, and featured technical expertise from **Rutvik Jamdade**, IT Officer at IITM Pune. The collaborative spirit was further strengthened by the presence of **Adv. Abhishek Jagtap**, **Samradnya Taware**, and **Priti Wable**, **Sakshi Kadam**

representing **Pune Social**. The participation of the **Sarpanch of Narayanpur** ensured that the initiative was deeply rooted in local community leadership.

Through this partnership with the **GA Section of IITM**, the **RRI Skill and Knowledge Foundation** has demonstrated the importance of bringing advanced technical insights to the grassroots level. By honoring teachers and providing students with access to experts from a national institute, the **RRI Skill and Knowledge Foundation** continues to strengthen community institutions and build sustainable pathways for youth empowerment in the Purandhar region.
